

CASE STUDY:

Microsoft Excel Automation BMI®

As a non-profit American performing rights organization headquartered in Nashville, Tennessee, BMI represents over 400,000 composers, songwriters and music publishers, in every genre of music. BMI has expanded to seven facilities across the United States since opening its doors in 1939. BMI prides itself on the highest quality of performing rights representation for songwriters and composers, and strives to provide the business and broadcast communities with a music catalog of unique and lasting value.
