

CASE STUDY:

Microsoft Excel Automation NANOMETRICS INCORPORATED

nano metrics

Nanometrics Incorporated was created in California in 1975. Nanometrics is a leading provider of advanced, high-performance process control metrology and inspection systems used primarily in the fabrication of semiconductors and other solid-state devices. They have been a pioneer and innovator in the field of optical metrology. Nanometrics Incorporated has an extensive installed base of more than 6,500 systems in over 150 production factories worldwide. Their major customers and original equipment manufacturer partners include the largest semiconductor and process equipment manufacturers in the world.
