

GLOBAL SOFTWARE, INC. CASE STUDY

Arandell Corporation

Introduction

This case study of Arandell Corporation is based on a September 2016 survey of Global Software, Inc. customers by TechValidate, a 3rd-party research service.

“With Spreadsheet Server, I can now create all of the reports I need without waiting on anyone else but myself.”

Challenges

The business challenges that led the profiled company to evaluate and ultimately select Global Software, Inc.'s Spreadsheet Server:

- A heavy reliance on IT to create or edit reports

Use Case

- Evaluated the following reporting tools before choosing Spreadsheet Server:
 - A reporting tool packaged with ERP
- Selected Spreadsheet Server over the competition because of the following:
 - Flexibility to connect to multiple systems and outside General Ledger
 - Drill down capability to sub-ledger details
 - Employees and support
 - Excel-based Interface
- Uses Spreadsheet Server for Financial / General Ledger reporting and the following modules:
 - Sales

Results

The surveyed company achieved the following results with Global Software, Inc.'s Spreadsheet Server:

- Empowered users to create their own reports with less dependence in IT
- Reporting processes streamlined with Spreadsheet Server:
 - Data extraction from ERP or relational databases
 - Automated distribution of reports to management / other departments
 - Month-end close and management / board reporting packages
 - Reporting outside the general ledger, inventory, manufacturing, sales, purchasing, projects, etc.
 - Auditing and tax schedules
 - Budgeting / forecasting processes
- Actions or business insights gained using Spreadsheet Server:
 - Identified incorrectly allocated funds and/or duplicate invoices due to reporting errors
 - Directed initiatives based on findings in reports
 - Validated data
 - Increased their ability to complete tactical and complex analysis
- Saved over 300 hours in one year with Spreadsheet Server
