

Depomed

“

External reporting was improved through the creation of income statement 10-Q and quarterly balance sheet reports. Accruals review process also improved by reviewing custom open PO and pending invoice reports. Workflow approval processes improved with the ability to identify departmental bottlenecks using a workflow analysis.”

Challenges

Experienced the following reporting pain points prior to implementing Atlas:

- Manual, multi-step reporting processes
- Creating reports in a timely manner
- Combining/consolidating GL and non-GL data from multiple ERP & relational database sources
- Limitation(s) of Management Reporter or Excel Add-in

Use Case

Used Atlas for reporting beyond Financials/GL in the following areas:

- Reports for top management
- Inventory
- Procurement
- Workflow analysis, Fixed asset analysis

Chose Atlas over the following tools:

- Management Reporter
- An Excel Add-in

Company Profile

Company:
Depomed

Company Size:
Medium Enterprise

Industry:
Pharmaceuticals

ERP Platform:
Microsoft Dynamics

Results

Experienced the following benefits as a result of Atlas:

- Streamlined report creation
- Improved access to live data to make strategic decisions
- The ability to upload data directly from Excel
- Consolidation of information from multiple tables

Streamlined the following processes by using Atlas:
