

GLOBAL SOFTWARE, INC. CASE STUDY

Heritage Gas

Introduction

This case study of HeritageGas is based on a January 2018 survey of Global Software, Inc. customers by TechValidate, a 3rd-party research service.

“Spreadsheet Server has enabled us to easily access data, which in the past would have taken significantly longer from JDE World. The process has allowed us to speed up our month-end close and reporting.”

Challenges

Addressed the reporting challenge of accessing applicable data after implementing Spreadsheet Server address for their organization.

Use Case

- Evaluated other Excel-based reporting software programs before selecting Spreadsheet Server:
- Is using JD Edwards World.
- Uses Spreadsheet Server QueryDesigner functionality for Financials/GL.

Results

- Freed up to 25% of their organization’s IT support now that they have Spreadsheet Server to create reports.
- Trimmed up to 30% from their previous reporting process after using Spreadsheet Server.
