Baylor Scott & White Health Selects Global Software, Inc.'s Spreadsheet Server for use with Infor Lawson®

RALEIGH, NC USA (3rd December, 2015) – Global Software, Inc. the leading provider of Microsoft Excel-based automation & reporting software solutions to enhance the world's foremost Business Intelligence (BI), Enterprise Resource Planning (ERP) and operational platforms, announces today that the Dallas, Texas-based organization, Baylor Scott & White Health has selected Spreadsheet Server for use with Infor Lawson® powered by the QueryExchange™. Spreadsheet Server works as an intuitive, Excel based reporting platform, providing live financial and operational reporting and analysis from Infor Lawson into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from Infor Lawson. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, Baylor Scott & White Health will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

The largest not-for-profit health care system in Texas, and one of the largest in the United States, Baylor Scott & White Health was born from the 2013 combination of Baylor Health Care System and Scott & White Healthcare. Known for exceptional patient care for more than a century, the two organizations serve adjacent regions of Texas and operate on a foundation of complementary values and similar missions. Baylor Scott & White Health includes 49 hospitals, more than 800 patient care sites, more than 5,800 affiliated physicians, 38,000 employees and the Scott & White health plan.
