Cayman Islands Government Selects Global Software, Inc.'s Spreadsheet Server for use with Oracle®

RALEIGH, NC USA (21st April, 2015) — Global Software, Inc., the No. 1 provider of Microsoft® Excel-based automation and analysis tools to the leading enterprise resource planning (ERP) platforms, announces today that Cayman Islands Government, headquartered in Georgetown, Cayman Islands, has selected Global's Spreadsheet Server for use with Oracle® powered by the QueryExchange™. Spreadsheet Server works as an intuitive Microsoft® add-in providing live financial and operational reporting and analysis from Oracle into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from Oracle. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, Cayman Islands Government will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

The Cayman Islands is a parliamentary democracy with judicial, executive and legislative branches. The present constitution, which came into effect on 6 November 2009, provides for the government of the Cayman Islands as a British Overseas Territory. It is the fourth written constitution issued for the Islands by the British Crown since 1959, though there is a history of over 165 years of representative government.
