

JMA Wireless Selects Global Software, Inc.'s Spreadsheet Server for use with SAP®

RALEIGH, NC USA (3rd July 2014) - Global Software, Inc., the official author of the Automation Road Map Strategy™ and the number one provider of Microsoft® Excel-based automation and analysis tools to the leading enterprise resource planning (ERP) platforms, announces today that JMA Wireless, headquartered in Liverpool, NY has selected Global's Spreadsheet Server for use with SAP® powered by the QueryExchange™. Spreadsheet Server works as an intuitive Microsoft® add-in providing live reporting and analysis from SAP into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from SAP. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. The cloud-based QueryExchange™ component of Spreadsheet Server enables user organizations to select and tailor pre-built queries to meet their specific needs. Utilized in the QueryExchange™, the SmartPak™ feature is way to group pre-configured queries together. Searching by selecting a SmartPak™ gives users a quick and reliable way to access a group of dedicated pre-defined queries. In addition, Spreadsheet Server has the ability to dynamically access the following modules: FI, CO, PCA, SD, MM, PP, QM, PM, HR, PS, New GL, and Special Ledgers. JMA Wireless will also leverage the Distribution Manager utility, which empowers users to automate the delivery of key business information.

Global worked strategically with itelligence Group of Cincinnati, OH, a member of Global Software's worldwide partner network, to provide their Spreadsheet Automation Solutions to JMA Wireless to automate their financial analysis capabilities in Microsoft® Excel. For more information about itelligence, visit www.us.itelligencegroup.com.

JMA is a global telecommunications leader connecting the world through a portfolio of market leading wireless solutions. Born with a history of innovative technology that spans over 70 years; JMA was formed in December 2012, after selling its PPC Broadband division to St. Louis-based Belden, Inc. for \$515.7 million. As a part of this transaction, John Mezzalingua Associates retained the PPC Wireless division, renaming the company JMA. John Mezzalingua Associates, LLC (dba JMA) is a family-owned, private corporation. They have an established global customer base and over 400 patents in wireless technology. Operating under the executive leadership and ownership team established at PPC Wireless, they will continue to identify and solve the complex challenges of the wireless industry.
