

LSI Consulting, Inc. Joins Global Software, Inc.'s Worldwide Certified Partner Channel to Offer Global's Microsoft® Excel- Based Automation Solutions to the SAP® User Community

RALEIGH, NC USA (June 10, 2012) - Global Software, Inc., the official author of the Automation Road Map Strategy™ for Microsoft® Excel and the No. 1 provider of Microsoft® Excel-based automation and analysis tools to the leading enterprise resource planning (ERP) platforms, announces that LSI Consulting, Inc. a specialist SAP implementer for the Public Sector and Higher Education & Research marketplace has joined the Global Software, Inc.(GSI) worldwide certified partner channel.

With the new partnership, LSI Consulting, Inc. will add Spreadsheet Server Powered by the QueryExchange™, GSI's flagship application in the SAP® space, complementing its current service offerings to the SAP user communities. Spreadsheet Server, Powered by the QueryExchange™ works as an intuitive Microsoft® add-in providing live reporting and analysis from SAP into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from SAP. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. The cloud-based QueryExchange™ component of Spreadsheet Server enables users to select and tailor pre-built queries to meet their specific needs. In addition, Spreadsheet Server has the ability to dynamically access the following modules: FI,CO, PCA, SD, MM, PP, QM, PM, HR, PS, New GL, and Special Ledgers. Spreadsheet Server enhances the SAP financial and operational user experience all while leveraging the significant investments made by the customer in Microsoft Excel. In addition, the Enterprise Budgeting application will become part of LSI Consulting, Inc.'s healthcare, public sector and higher education & research portfolio of offerings.

“LSI Consulting’s presence in the public sector and not-for-profit verticals is well documented in the SAP market. We needed to add a vertical player like LSI Consulting, Inc. who could not only bring our flagship Spreadsheet Server to the markets they are well placed in, but our Enterprise Budgeting solution represents a serious play for LSI Consulting’s customers,” said Ken Bernstein, senior director of business development and channel expansion for Global Software, Inc.

“Our customers use the Microsoft Excel application in just about every asset of their organization,” said Steve Roach, Managing Partner for LSI Consulting, Inc. “We see various opportunities in the multiple verticals we service, whether it be in public sector or healthcare, Global Software, Inc.'s Microsoft Excel-based applications fit in nicely with what we are trying to do for our customers relative to saving our customers resource, time, and money by continually exploring new ways to deliver automated solutions to them.”
