Lululemon Athletica Selects Global Software, Inc.'s Spreadsheet Server platform for use with Oracle®

RALEIGH, NC USA (6th September, 2016) — Global Software, Inc. the leading provider of Microsoft Excel-based automation & reporting software solutions to enhance the world's foremost Business Intelligence (BI), Enterprise Resource Planning (ERP) and operational platforms, announces today that Vancouver, British Columbia based Lululemon has selected Spreadsheet Server for use with Oracle®.

Spreadsheet Server works as an intuitive, Excel based reporting platform, providing live financial and operational reporting and analysis from Oracle into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from Oracle. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, Lululemon will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

Lululemon Athletica, originally began with providing yoga clothing for women. Through plenty of feedback from guests, ambassadors and elite athletes, they now design for yoga, running, cycling, training and most other sweaty pursuits for women and men. They have created a culture where people can learn and discuss the physical aspects of healthy living, mindfulness and living a life of possibility.
