

# CORPORATE ANNOUNCEMENTS

## Railinc Corporation Selects Global Software, Inc.'s Spreadsheet Server for use with Oracle®

RALEIGH, NC USA (22nd January, 2016) – Global Software, Inc. the leading provider of Microsoft Excel-based automation & reporting software solutions to enhance the world's foremost Business Intelligence (BI), Enterprise Resource Planning (ERP) and operational platforms, announces today that Cary, North Carolina based company, Railinc Corporation has selected Spreadsheet Server for use with Oracle®. Spreadsheet Server works as an intuitive, Excel based reporting platform, providing live financial and operational reporting and analysis from Oracle into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from Oracle. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, Railinc Corporation will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

Railinc Corporation is the railroad industry's most innovative and reliable resource for IT and information services. They support business processes and provide business intelligence that help railroads and rail equipment owners increase productivity, achieve operational efficiencies and keep their assets moving. Railinc is the industry's largest and most accurate source for real-time interline rail data. More information can be found at <http://www.railinc.com/>.
