Raleigh- Durham Airport Authority Selects Global Software, Inc.' s Spreadsheet Server Platform for use with Oracle®

RALEIGH, NC USA (26th February, 2016) – Global Software, Inc. the leading provider of Microsoft Excel-based automation & reporting software solutions to enhance the world's foremost Business Intelligence (BI), Enterprise Resource Planning (ERP) and operational platforms, announces today that Morrisville, NC based company, Raleigh-Durham Airport Authority has selected Spreadsheet Server for use with Oracle®. Spreadsheet Server works as an intuitive, Excel based reporting platform, providing live financial and operational reporting and analysis from Oracle into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from Oracle. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, Raleigh-Durham Airport Authority will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

The Raleigh Durham Airport Authority is a local government responsible for the development, operation and maintenance of Raleigh Durham International Airport. Since 1938, the Raleigh-Durham Airport Authority has played a central role in the growth of the Research Triangle. While under construction in 1942, RDU was taken over in 1942 by the federal government for use during WWII. The base served as a training facility for the Army Air Corps until 1948. Today, RDU ranks as the nation's second fastest growing major airport in the U.S. More information can be found at <http://rdu.com/airport-authority/>.
