

Roy Jorgensen Associates, Inc. Selects Global Software, Inc.'s Spreadsheet Server for use with JD Edwards®

RALEIGH, NC USA (3rd October, 2014) — Global Software, Inc., the official author of the Automation Road Map Strategy™ and the number one provider of Microsoft® Excel-based automation and analysis tools to the leading enterprise resource planning (ERP) platforms, announces today that Roy Jorgensen Associates, Inc., headquartered in Buckeystown, MD has selected Global's Spreadsheet Server for use with JD Edwards® powered by the QueryExchange™. Spreadsheet Server works as an intuitive Microsoft® add-in providing live financial reporting and analysis from JD Edwards into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from JD Edwards. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, Roy Jorgensen will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

Global worked strategically with Team Cain, a Canada-based member of Global's worldwide certified partner network, to provide their Spreadsheet Automation Solutions to Roy Jorgensen. For more information about Team Cain, visit www.teamcain.com.
