

Sun Chemical Corporation Selects Global Software, Inc.'s Spreadsheet Server for use with SAP®

RALEIGH, NC USA (19th March, 2015) — Global Software, Inc., the No. 1 provider of Microsoft® Excel-based automation and analysis tools to the leading enterprise resource planning (ERP) platforms, announces today that Sun Chemical Corporation, headquartered in Cincinnati, OH has selected Global's Spreadsheet Server for use with SAP® powered by the QueryExchange™. Spreadsheet Server works as an intuitive Microsoft® add-in providing live financial and operational reporting and analysis from SAP into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from SAP. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, Sun Chemical will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

Sun Chemical, a member of the DIC group, is the world's largest producer of printing inks and pigments. We are a leading provider of materials to packaging, publication, coatings, plastics, cosmetics and other industrial markets, including electronic materials, functional and specialty coatings, brand protection and product authentication technologies.
