University of Alabama Selects Global Software, Inc.' s Spreadsheet Server for use with Banner®

RALEIGH, NC USA (23rd November, 2015) – Global Software, Inc. the leading provider of Microsoft Excel-based automation & reporting software solutions to enhance the world's foremost Business Intelligence (BI), Enterprise Resource Planning (ERP) and operational platforms, announces today that the Tuscaloosa, Alabama- based university, University of Alabama has selected Spreadsheet Server for use with Banner®. Spreadsheet Server works as an intuitive, Excel based reporting platform, providing live financial and operational reporting and analysis from Banner into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from Banner. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, University of Alabama will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

Founded in 1831 as Alabama's first public college, The University of Alabama is dedicated to excellence in teaching, research and service. They provide a creative, nurturing campus environment where students can become the best individuals possible, can learn from the best and brightest faculty, and can make a positive difference in the community, the state and the world.
