Waukesha-Pearce Industries Selects Global Software, Inc.'s Spreadsheet Server Platform for use with JD Edwards®

RALEIGH, NC USA (11th March, 2016) – Global Software, Inc. the leading provider of Microsoft Excel-based automation & reporting software solutions to enhance the world's foremost Business Intelligence (BI), Enterprise Resource Planning (ERP) and operational platforms, announces today that Houston, Texas based organization Waukesha-Pearce Industries has selected Spreadsheet Server for use with JD Edwards®. Spreadsheet Server works as an intuitive, Excel based reporting platform, providing live financial and operational reporting and analysis from JD Edwards into Excel. This empowers end users with the ability to use familiar Excel features and functions to create dynamic dashboard views from JD Edwards. These views can be accessed, automated and presented with our formula driven methodology, including summary balances and detailed drill-downs. In addition, Waukesha-Pearce Industries will leverage the Distribution Manager publishing utility, which empowers users to automate the delivery of key business information.

Founded in 1924 in midst of the Texas oil boom, Waukesha-Pearce Industries has continually scaled its offerings to meet the demands of the oil industry. With its origins beginning with Pearce's Portable Rotary Rig Company, it now serves in the distribution of a variety of solutions for multiple applications in the gas compression, power generation, small engine, earthmoving, recycling, and mining segments.
